Foster Pug of the Month Gypsy!

Hi,

My name is Gypsy and I am so excited to be the feature pug of the month! I am a two year old pug mix and weigh about 21 pounds. I am young so I am full of energy! I love to run in pug circles and chase toys. I know how to use a doggie door but I don't always go potty when I am outside. I need to keep working on this. I also love riding in the car and playing with my

family. I get along just fine with all my foster dog friends and I hardly ever bark. I adore children and would really like to live in a home with high energy kids and a yard for us to play in. So if you are looking for a celebrity pug friend to join your family put Gypsy on your application so I can find my forever home!
