## Foster Pug of the Month Penelope!

Hey! I am Penelope and I am eight years young! I love people and I want to follow you everywhere. I was recently spayed and had some work done on my feet. I had burrs on them and my feet are almost healed. Sometimes I get daily foot soaks to keep my feet happy. I don't mind the soaking either, its more time to spend with you! I am a laid back girl looking for my forever home! Pick me!
